

# ARAFAT ALI AKBAR

+91 8305076566 | Singrauli, India | arfataakbar090@gmail.com | linkedin.com/in/ara9

## EDUCATION

**B. Tech. in Computer Science** | Vellore Institute of Technology, Bhopal  
CGPA: 8.64

2021 - 2025

## TECHNICAL SKILLS

Languages	Java, Python, Javascript, Typescript, SQL
Frameworks	ReactJS, NextJS, Node.js
Databases	MongoDB, MySQL, PostgreSQL, Firebase, Redis
Cloud	Amazon Web Services (AWS)
Others	REST APIs, NLP, LLMs, Prompt Engineering, Google Gen AI, Salesforce, Git

## PROJECTS

**Auto Blogger** | React, Next.js, TypeScript, Google Gen AI, ShadCN UI, JWT, Vercel

- Engineered a full-stack AI-powered blog automation platform with secure authentication and role-based dashboards.
- Integrated Google Gen AI to auto-generate blog content and images, enhancing user engagement.
- Applied blog management features (CRUD, search, likes, SEO optimization) with server actions, middleware, and REST API routes.
- Deployed the application on Vercel with scalable architecture and SSR for optimized performance.

**Noted Cinema** | JavaScript, TMDB API, HTML/CSS

- Developed a web application using TMDB API with genre-based filtering, pagination, and real-time search functionality.
- Executed interactive features including trailer overlays via embedded YouTube videos and ratings color-coding.
- Crafted a responsive, modern UI with custom CSS, enhancing navigation, movie overviews, and overall user experience.

**KrishiCare** | HTML, CSS, JavaScript, Python (Backend)

- Spearheaded the development of a tele-consultation platform, connecting farmers with agricultural experts, and translated 200+ support articles into Hindi, bridging the knowledge gap for non-English speakers.
- Deployed a weather forecasting system (90 - 100% accuracy) and formulated the logo and architecture flow diagrams.
- Collaborated with a team of 10, gaining hands-on experience in AI model training, chatbot integration, and multilingual web applications.

## EXPERIENCE

**Salesforce Developer Intern** | SmartBridge

Nov 2024 - Jan 2025

- Designed a Salesforce CRM application utilizing Lightning Web Components and Apex, streamlining client and property management; enhanced team efficiency by 15% by automating complex data entry processes.
- Earned three Trailhead Superbadges (Apex Specialist, Process Automation Specialist, Developer Super Set), demonstrating advanced skills in automation, coding, and executing best practices in Salesforce development.

**Full Stack Developer Intern (MERN)** | Ethnus

Aug 2023 - Nov 2023

- Led multiple real-life projects based on MERN Stack with 100+ work hours, gaining practical experience in full-stack web development and successfully delivering 100% company-assigned projects within deadlines.
- Implemented a car rental platform prototype with renting integration using HTML, CSS, JavaScript, and MERN stack; platform allowed customers to book rental cars 30% faster.

## ACHIEVEMENT

- AWS Certified Cloud Practitioner – Score: 83.8%
- NPTEL Cloud Computing (Elite Certificate) – Score: 71%
